Supervisors Deny Deputy Request; Ordinance Held Up

Local Taxpayers Plan To Continue Drive For Second Officer

As had been predicted, the Nevada County Board of Supervisors by a two to two vote, rejected the requests and recommendations of Truckee interests, the sheriff, district attorney and others, to permit employment of a second deputy sheriff for the eastern section of the county.

Board Chairman John Frank, who previously had remarked, in effect that "as long as we do the necessary things for them, they will never do anything for themselves, and Guy N. Robinson voted no and killed the plan, since a four-fifths vote is required to trans fer money required for the salary.

Supervisor H. G. Loehr, one of the strong supporters of the plan, and Curtis Clark voted for the transfer of the money. Jay Coughlan was not present.

The local zoning ordinance still rests with the district attorney as efforts are continuing to get the legal phrasing straigtened out.

Local taxpayers and residents have announced their intention to continue their fight to secure the second deputy on the basis of urgent necessity.

Cottage Hotel Is Sold By Tollefson

Mr. and Mrs. Jess Halleman of Sacramento purchased on Tuesday the building and furnishings of the Cottage Hotel from Mr. and Mrs. C. A. Tollefson, the latter announced.

The Hallemans for the past 10 years have lived at Sacramento where she was employed by the state. For the past two years he has been employed in the logging industry here. David and Larry, the couple's two sons have entered high school here and their daughter, Susan, is in the elementary school.

The Tollefsons plan to go south in Decembers, returning here as usual to spend part of each year.

LOCAL GIRL HURT IN PLANE MISHAP

An attempt to start, with her left hand, the propeller of a private airplane at the local airport Sunday, proved disasterous for Miss Mary Ann Tonini.

The injured young woman was taken to the Tahoe Forest Hospital following the accident which involved three breaks in bones of her hand and has been at the home of her parents, Mr. and Mrs. Elden Tonini this week.

Miss Tonini is a student at the University of Nevada.

Driver Fined $300 After One Injured In Wreck

Clarence Young, 37, San Francisco, was fined $300 for drunk driving, speeding, being on the wrong side of the highway, driving without due caution and violating the county's sobriety ordinance after his car was wrecked on Donner grade a week ago.

Jean M. Cameron, 42, San Francisco, was injured in the mishap when the car left the highway and crashed into large boulders.

Young was arrested by State Patrolman Carroll Maynard.

DATES ARE SET FOR HOOP PRACTICE HERE

Daven Morey announced on Tuesday that basketball teams of the Truckee Athletic Club may practice in the High School gymnasium on Monday and Thursday evenings from now until Christmas holidays.

All those wanting to practice should be in the edifice on those nights.

The regular league will start after the first of the year.

Families Entertained By Girl Scout Troop

Donner Troop of Girl Scouts on Tuesday evening entertained their families at a dinner planned, prepared and served by the girls in honor of the second anniversary of their troop.

A program of music, dancing and a display of the work of the troop were enjoyed by the guests after dinner.

WITH RENO POLICE

Humbert Ciardella, member of the Reno Police Department for the past three months, was a visitor this week at the home of his parents, Mr. and Mrs. Humbert Ciardella.

BETTER NOW—

James McIver is recuperating this week from the effects of a severe attack of influenza.

Turkeys Recovered As Federal Agents Make Local Calls

There are a good many fewer turkeys in Truckee this week than there were last.

This resulted from a visit to the area of seven Federal Bureau of Investigation officials who made a quite thorough canvass of the district collecting turkeys which they charged had been stolen from a truck wrecked near Donner Summit two weeks ago.

It was not immediately determined just how many of the 700 or 800 frozen turkeys were recovered, but the agents spent two days here, in Reno and Grass Valley and Nevada City acting upon information supplied by the California Highway Patrol and local officers. The officers turned names, descriptions and license numbers over to the insurance adjuster, who in turn gave the information to the FBI.

So diligent was the search that some of the birds were voluntarily surrendered prior to visits from the officers.

While many are still missing and will not be recovered, the records which are kept will show that the visit of the agents was justified.

DATE ADVANCED FOR LEGION SHOOT HERE

Lloyd Everett presided at the Tuesday evening meeting of American Legion Post 439 when it was decided to hold the earlier postponed turkey shoot on December 11, if weather permits.

A discussion was also held to find a solution for the Boy Scout program here as men formerly scout masters have either moved or have resigned, leaving the possibility of the local troop losing their charter.

The members of the Legion decided to drop sponsorship of the boys organization if a leader does not volunteer to become scout master.

THREE ARE HURT AS TRUCK HITS CAR

Mrs. Al Fanger of Tahoe City is in the Tahoe Forest Hospital with back and head injuries as the result of a crash between the car driven by her husband and an oil truck operated by Jack Ellis of Truckee near Deer Park Lodge Tuesday shortly after noon.

A television set and tools in the car were demolished and a piece of glass virtually scalped Mrs. Fanger.

Mrs. Watson and Fanger escaped with minor injuries and Ellis was not hurt.

TRUE MAGAZINE TO FEATURE DONNERS

Homer Croy of New York, novelist and historical writer who spent some time in Truckee last year gathering data for his current "Wheels West" will have a portion of the story printed in the December issue of True, (the Man's Magazine) according to advance notice.

Matrons Complimented At Shower Held Monday

Mrs. Chet Burns and Mrs. Robert Madge were complimented at a shower, given at the home of Mrs. Kenneth Hedlund, with members of a Monday evening card club group feting their friends.

Following the games, the hostess served refreshments.

Former Local Boys Are Named On Hoop Team

Mrs. Barney Phipps wrote from Sacramento that their son Berry and Tim Deckwa made the freshman basketball team at Marshall High School.

Mrs. Phipps who is teaching school also said that she saw Mr. and Mrs. Robert Briggs of Woodland at a Yolo County meeting. All are former local residents.

LYONS PLAN TRIP—

James Lyon, formerly of Lake Tahoe was a visitor here on Tuesday from Los Angeles. He said he plans a trip to Australia and other countries before returning in the spring.

Two Killed When Cars Collide; One Critically Injured

Headon Collision At Boca Kills Two As Car On Wrong Side

Two head-on auto collisions within an hour and within a mile of each other cost two lives, critically injured a third and sent four others to the Tahoe Forest Hospital with minor injuries Saturday morning between 9:30 and 10:30.

Fatally injured were Mrs. Murl Irene Williams, 60, San Francisco, and Dr. Harold E. Morrison, 65, attached to the state hospital at Atascadero, both occupants of the car driven by the latter.

The driver of the second car, Irwin R. Butzbach, 64, South Bend, Indiana, is in the hospital here with critical injuries.

State Patrolmen William Gautsche and Carroll Maynard, who investigated, said the Morrison car failed to make a curve near Boca, crossed over the center line and crashed headon into the west bound Butzbach machine. Both cars were estimated to be traveling no less than 55 miles per hour.

Mrs. Williams died almost immediately and Dr. Morrison four hours later. The bodies were taken to the Truckee Colonial Mortuary and the injured to the Tahoe Forest Hospital by Truckee ambulance.

It was believed Dr. Morrison and Mrs. Williams were en route to Reno to be married.

Four Injured

Cars driven by Goey Wo Pon, 25, San Francisco and Edward Conboy, 48, Oakland, collided headon an hour earlier between the twin bridges, just west of the fatal crash, and the driver of the first car, Pon, Jack Hong Toy, Pay Pon, Mrs. Vina Conboy and Joan Wettwiller, Oakland were treated for minor injuries.

Pon was cited by Patrolman Gautsche for being on the wrong side of the highway.

Street Decorating Will Be Project Of 20-30

James Morhain, president of the 20-30 Club gave a report of his attendance last week at the Lovelock, Nevada convention at a meeting held Wednesday evening at Smart's Restaurant.

Trees to decorate the town as well as the large Christmas tree to be put up by the club in the Southern Pacific Company plaza have been obtained, Morhain said.

The Nevada Council embracing the Truckee-Lake Tahoe area has put in it's bid to have the International convention of the 20-30 Clubs to convene at Lake Tahoe in 1957. The decision of the meeting place will not be made until next year, probably at Sacramento.

The local club will hold it's future meetings each Wednesday at 7:30 p.m. in Smart's, located at the Tahoe Truckee Wye.

Fair Injured In Mishap Working On Bridge

Wesley Fair of Truckee was injured last Thursday afternoon when he was struck in the right side of his abdomen while engaged in building a bridge on the Truckee River near Denville. He was employed by G. E. Lewis, local contractor. The injured man was rushed to the Tahoe Forest Hospital by Truckee ambulance.

Placer Board Studying Dog Vaccination Plan

AUBURN— The Board of Supervisors Monday will again consider amending the dog licensing ordinance to include requirements for rabies vaccination, Doctor Moldenhauer, Director of Public Health announced. The amendments would serve in lieu of strict quarantine which otherwise is mandatory for rabies epidemic areas such as Placer County.

TO BAY—

The F. W. Akerman address has been changed from Tahoe Pines to Piedmont.

AT OAKLAND—

Following the sale of Gateway Cafe, Paul Kaspian has returned to Oakland.

SUNBEAMS

By WALTER M. BARRETT

The announced intention of local groups and individuals to continue their demand that a second deputy sheriff be employed for this region should win the approval of every local taxpayer and resident. The adamant attitude of some members of the board of supervisors on the request is certainly not in the best interests of the people they serve, and while it will be agreed that they are faced with a financial problem, despite the ever increasing tax rate, we cannot believe—in the face of a statement by the board chairman to the effect that we should do something for ourselves and not expect help from the county—that finance is the only difficulty to be overcome.

Storm Results In Accident Series

The first snow fall of the season resulted in a series of automobile accidents throughout this region, and as a consequence several people were treated at the Tahoe Forest Hospital and one man was jailed on a hit and run charge.

John Spratling, 30, North Sacramento was held under $100 bail after he allegedly sped away after his car hit one operated by James Rogers, 43, Sutter City, causing the latter to nearly plunge over a steep embankment east of here Sunday morning at 8 o'clock.

George C. Gecan, Santa Clara, was treated at the hospital after his car plunged 25 feet down an embankment one mile east of Truckee Friday. He told State Patrolman Carroll Maynard, who cited him for speeding, that he fell asleep at the wheel.

Classie Williams, 45, who was walking along the highway near Soda Springs suffered major injuries Sunday at 7 a.m. when she was struck by a car driven by Arthur L. Frisch, 25, Herlong. Frisch saw the pedestrian on the road and stepped on his brakes. The car went out of control, struck a Greyhound bus driven by Luther B. White, Sacramento, and then struck the woman. Patrolman Maynard cited Frische for driving without due caution. No one on the bus was injured.

Joseph G. Essaff, 23, San Francisco, escaped injury but his car was badly damaged Sunday morning when it skidded into a motor grader driven by Everett Gale Brown, Truckee, just east of here. Essaff was cited by Patrolman Mannard.

Mary J. Mecum, 48, Sacramento, was treated for injuries after the car driven by her husband, John W., plunged down a bank for 25 feet and into the Truckee River just west of the Sierra County line Sunday at 1:25 a.m. The driver told Patrolman William Gautsche that he started to pass a truck, saw another car coming and applied his brakes. The car went out of control and plunged into the river. He was cited.

TAHOE WOMEN GIVE HOSPITAL DONATION

Administer John J. Mcglade of the Tahoe Forest Hospital has gratefully acknowledged receipt of a check for $537 from the Women's Club of Tahoe City one of the most generous donations yet made to the institution.

The money, McGlade said would be used to provide a sorely needed portable electric oxygen tent.

In accepting the gift, McGlade expressed the appreciation of the entire administration and medical staff.

"The gift in itself was most noteworthy, but the generous spirit in which it was given makes it even more appreciated. The money will provide additional equipment which will help in keeping our hospital fully adequate for all needs," McGlade declared.

Season's First Big Storm Deposits 13 Inches Snow

Summit Reports Over 24 Inches Of Snow From Major Storm

The first major snow storm of the season struck this area Sunday and light to moderate falls have been continuing throughout the week. As a result, the U. S. Forest Service reports 13 inches of snow and 1.59 inches of precipitation for the week. Temperatures have ranged from 5 above to a maximum of 29 degrees.

The total precipitation for the season is still below the normal since September 1, the average being 3.78 and this season's total being 2.42 inches.

More than two feet of snow is reported on Donner Summit and tire chains are required on all highways. The snow fell in varying amounts through the upper Sacramento Valley and over Nevada.

Forecasters predict more snow for tonight and tomorrow.

Joint Installation For O. E. S., Masons Will Be Held On Saturday

Truckee Chapter no. 116 O.E.S. and Truckee Lodge no. 200, F. & A.M., will hold a joint installation Saturday night in the Masonic Temple at 8 p.m.

Installing officers for the Star will be Marian Millard, Grand Electa of the Grand Chapter and Everett Moore, P.P., of Berkeley.

Officers to be installed will be; Evelyn Mandeville, W.M.; Clyde (Bud) Mandeville, W.P.; Elmay Philippi, A.M.; Wayne Philippi, A. P.; Lillian Miller, Cond.; Pearl Heller, A.Cond.; Victoria McIver, Treas.; Louise Anderson, Secy.; Hilda Hintz, Marshall; J. D. Anderson, Chaplain; Ametta Firpo, Organist; Eula Sherritt, Warder; Bertel Anderson, Sentinel; Star Points are; Ada, Camilla Althof; Ruth, Margaret Craig; Esther, Margaret Christianson; Martha, Wilma Lucas; Electa, Gladys Anderson. Flag Bearer, E. H. Althof.

The installing officer for Truckee Lodge F. & A.M., will be Worshipful Ballard White, Jr., inspector of the 120th Masonic District and C. E. Mandeville will act as master of ceremonies.

Officers to be installed are; R. S. Critchley, W.M.; S. H. Faulkner, S.W.; J. McIver, J.W.; C. R. Heller, Treas.; J. D. Anderson, Secy.; T. H. Lucas, Chaplain,; Wayne Philippi, S.D.; E. H. Althof, J.D.; C. O. Wing, Marshall,; R. E. Saunders, S.S.; E. E. Thompson, J. S.; H. T. King, tiler.

Helen Trask will be the installing pianist; Jack McGlade, soloist; Hellen Ellis, installing chaplain. Dorothy King and Elizabeth Bavier, installing marshalls.

Members of both Orders and their friends are cordially invited. Refreshments will be served afterwards in the banquet room.

GRAND OFFICER AT PYTHIAN MEETING

Charles Heller, presided as chancellor Commander of Summit Lodge no. 54, Knights of Pythias, at a district meeting held here on November 11 when the following grand officers from the Domain of California ad Nevada attended the affair, Grand Chancellor Quinter C. Harris, Sacramento; Deputy Grand Crancellor William Roy, Colfax; Grand Prelate Walter H. Taylor, Petaluma; Grand Secretary William P. Spalding, Stockton; Chairman Law Committee Max Kortum, Petaluma;

Grand Chancellor Elmo Granata, Grand Secretary William Van Tassle, Grand Inner Guard Clarence Heur, Supreme Representatives Stanley Wines, Louis Berrum all of Reno and Roy Robinson, Sparks.

Visiting members from Colfax Reno and Sparks lodges were present.

A dinner was held at Smart's prior to the meeting, attended by the grand officers and their wives, members of the local lodge and Summit Temple no. 79, Pythian Sisters.

The district meeting was highlighted with inspiring talks by the visiting dignitaries.

Two Truckee Men Sentenced To San Quentin For Crime

AUBURN— Joseph Garcia and Julio R. Franco of Truckee, Nevada County were sentenced to San Quentin Prison by Judge Lowell Sparks on charges of robbery and assault with intent to commit rape.

A jury found the pair guilty of assaulting and robbing Mrs. Marguerite I. Kirk near Donner Summit last July 22nd.

The court denied the defendants probation after considering the report of Probation Officer James Nelson. Judge Sparks directed that the sentences for the two offenses run concurrently in each case.

Compact Group To Take Office

Members of the California Water Compact Commission will take office at a meeting to be held in the offices of Governor Goodwin J. Knight at Sacramento today.

The Commission was named to coordinate interests in California and Nevada in the use of interstate water, namely Lake Tahoe, the Truckee, Carson and Walker rivers. It will work with a similar commission named by Governor Russell of the neighboring state and among the principal matters will be agreement on details concerning the proposed Washoe Project.

Members of the Commission are Col. A. M. Barton, member at large; Cecil Edmunds, representing Nevada and Sierra counties; William Bechdolt, Placer County; Franklin Rahbeck, El Dorado County; Huber Burns, Alpine County and L. R. Charlebois, Mono County. Under the law, the state engineer will be committee chairman.

FILMS FEATURE MEET OF ROTARY MEMBERS

George Bettencourt was the program chairman for the weekly Rotary Club meeting held November 14. He presented a moving picture covering the southern and southwestern states from Oklahoma to California.

President Rex Thomas read a letter of appreciation from Tahoe Forest Hospital Administrator John McGlade, thanking the Rotary Club for the donation of the polio pack heater.

The Girl Scouts were represented at the meeting when they conducted their annual sale of mixed nuts as a fund raising campaign for summer camp. Mrs. Rose was present with the girls.

Meeting Of Commissions On Highways Cancelled

A joint meeting of the California Highway and Olympic Commissions scheduled for Tuesday at Sacramento was cancelled but is expected to be held at a later date when surveys now being made can be studied.

The meeting had been proposed to study highway problems which would affect the holding of the Winter Olympic Games as Squaw Valley in 1960.

LOCAL COURT PAYS FUNDS TO COUNTY

A total of $5,542.25 was collected and turned in to Nevada County Treasurer Elma Hecker during the month of October by the three judicial districts of Nevada county as fines and fees. The totals are:

Fosten W. Wilson, Judge Truckee District Court; State's portion of Fish and Game fines, 175; assessments under Sec. 773 C. V. C., $245; General, $90; Salary, $7.50; Special Road Improvement, $2,455; Fish and Game, $75; Law Library, $1. Total: $3,048.50.

Finger Crushed

William Waters, an employee of the Sierra Pacific Power Company suffered a crushed finger on his right hand last week while engaged in working with a crew near here. The finger was caught between a power pole and a rock.

NOLLS SOUTH—

Mr. and Mrs. N. S. Noll have returned to Pasadena following a summer at Carnelian Bay.

Highway Report Outlines Work To Be Done Here

Report Leaves Much To Be Desired For Holding Olympic Games

Present planning on U.S. Highway 40 calls for four-laning 14.3 miles between Truckee and Floriston at an estimated cost of $8,500,000 and 5.7 miles between Hampshire Rocks and Soda Springs at an estimated cost of $2,100,000. At the same time State Highway Engineer George T. McCoy has informed the California Highway Commission he considers it "obviously impractical" to construct sufficient highway capacity to handle anticipated traffic around Squaw Valley during the 1960 winter olympic games, tentatively scheduled for Feburary 2 through the 22.

In a lengthy report requested by Governor Goodwin J. Knight, after Squaw Valley had been chosen for the international games, McCoy declared:

Heavy Traffic

"We must be ready to accept the same type of congestion that is experienced at other large sporting events and with the possibility of adverse weather adding to the severity of congestion."

McCoy said he anticipates about 20,000 cars, plus busses and other vehicles, will enter and leave the olympics site daily. He added that from 50,000 to 100,000 spectators are expected to attend the games each day.

The highway engineer outlined the already planned program for construction on US 40, US 50 and State Route 89, main routes leading to the Squaw Valley site.

Highway 50 Plan

On US 50, present plans call for four-laning 5.2 miles between Tahoe Valley and the Nevada state line at an estimated $600,000, and 1.1 miles east of Pacific House at $1,000,000.

McCoy said plans for State Route 89 include reconstruction of 7.3 miles of two-lane road at $900,000.

Any additional highway construction projects for the games would have to be authorized and financed prior to the 1958 construction season in order to be ready by 1960, McCoy said.

Aside from the currently planned improvements on U.S. 40, 50 and State Route 89, it would appear very doubtful if the task can be accomplished, McCoy indicated. Currently planned improvements are expected to be completed before 1960.

The importance of Highway 50 in the olympic games picture, the report pointed out, hinges to some extent on reconstruction of Route 89 in the vicinity of Emerald Bay. If that portion is not improved, travelers will be required to make a circuitous route around Lake Tahoe. The Emerald Bay project, he estimated would cost $2,000,000 to correct the necessary 10-mile strip now closed during the winter months.

Possible Program

If funds from some source are made available immediately, the following additional highway improvement could possibly be completed prior to January, 1960, the report indicated:

Four lanes from Roseville to Newcastle and from Magra to Emigrant Gap, costing $16,000,000.

Four lanes from Emigrant Gap to Hampshire Rocks, $8,200,000.

Soda Springs to the Truckee Tahoe Wye $6,800,000.

Reconstruct two lanes from Dollar Grade to the Nevada State Line, $350,000.

Four lanes from Truckee to Tahoe City, $3,200,000.

"The above construction is essential for proper vehicular access to the Olympic Games Site," McCoy pointed out. "Except for this, it would be difficult to justify the expenditures of highway funds for this project at the present time, especially when one considers the critical deficiencies remaining on U.S. 40 and other state highways."

The survey took into consideration parking areas, adequate snow removal and scores of other important phases of the projected program. Ample parking area, the report said, can be made available in the Truckee area, but he pointed to a dirth of parking facilities elsewhere in the region.

Deer Causes Wreck

Sonja McClaskie, 16, student at the Tahoe Truckee High School, was taken to the Tahoe Forest Hospital on November 8th after the car in which she was riding was wrecked when she attempted to avoid striking a deer which suddenly jumped into the road.

DANCE SATURDAY

With music by the popular Pinetones, a dance will be held Saturday from 9 to 2 at Smart's. A free smorgasboard will be served at midnight and everyone is invited.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— Usually, when people go to the polls to cast a ballot, they have little idea or comprehension of the involved details that have preceded the actual marking of a piece of paper, an act which is the guarantee to the American citizen of free elections, and government by the people through the candidates of their choice.

Attorney General Edmund G. Brown has issued an extensive description of the processes involved in selecting a slate of delegates to represent a party at the national presidential conventions. These processes, of course, are not all that goes into an election, but generally give a good summation of the complexities involved.

Basic feature of the California system is the requirement that candidates for delegate qualify for the ballot and receive votes only in groups or slates, each of which must be pledged in advance to a named candidate for the presidential nomination. Th eballot does not contain the names of the group members, but only the presidential contender.

First step in qualifying is the formation of an organizing committee, which can be made up of three or more members of the same party. This committee, in effect, takes charge of all the mechanics of qualifying a group of candidates. It must file a statement with the secretary of state of its own membership and officers. Next year, the statement should be in the hands of the secretary of state March 7.

The organizing committee selects its group of candidates for delegate, which must equal the number of delegates accorded the party. The organizing committee also appoints verification deputies to circulate nomination papers in their respective counties, with separate documents for deputies in each county. The deputies must be voters in their own counties.

Period for circulating papers next year will be from March 7 to April 6, inclusive, and the election will be held on June 5.

California law ties down each group of delegate-candidates to a named presidential contender. Each member of the group must file with the secretary of state an affidavit on his personal preference for the presidential candidate. The papers must bear the name of the presidential contender, and the group must have the personal endorsement of the presidential contender for which it is pledged. It is the function of the organizing committee to secure this endorsement.

To qualify a slate, at least 1½% and not more than 2% of the party's 'basis of percentage' must sign. Generally, the "basis of percentage' is calculated with reference to the vote for governor two years previous.

Republicans next year have from 11,453 to 45, 810; Democrats, 8,697 to 34,787 and Prohibitionists, 1,021 to 4,083.

Although the law requires a territorial spread in selection of candidates, it is possible to qualify a group by circulating nomination papers in a single county.

After the nomination papers are signed, they are filed with the county clerk, verified, and then filed with the Secretary of State, which makes them official and if in proper order, the slate is placed upon the ballot.

Numerous other details are involved, but the system at least assures that sponsors of any candidate for the presidency and put that candidate before the people.

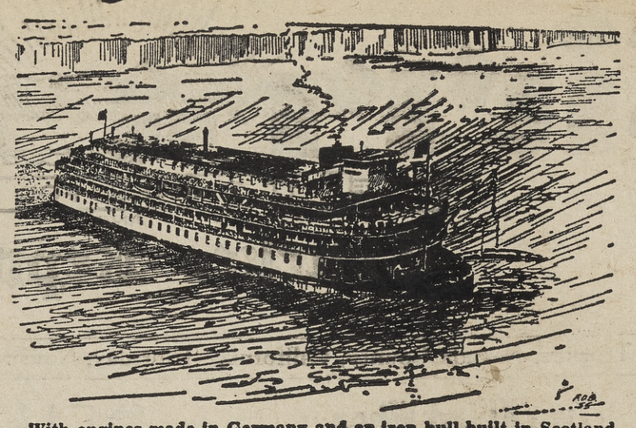
A Famous American Ship



With engines made in Germany and an iron hull built in Scotland, the DELTA QUEEN began her career as cargo aboard a freighter bound for California. Rebuilt at sunny Stockton, she there acquired her four passenger decks and an American flag. Years of successful service on the Sacramento river followed for this giant sternwheeled craft. War work as a ferry in San Francisco harbor, and then a period of lay-up set the stage for her sale to the Greene Line of Cincinnati. Her voyage at the end of a tow rope from San Francisco around to New Orleans was a thriller, for her draft was only seven feet. Today the DELTA QUEEN is flagship of one of America's last passenger steamboat lines on our inland waterway system. Our merchant marine does not only include deep-sea vessels, but also river craft such as this fine vessel. River and waterway vessels are again coming into their own as a major link in our transportation system, reports the American Merchant Marine Institute.

Scholarship Committee Named By Governor

SACRAMENTO —(CNS)— Governor Goodwin J. Knight announced appointment of nine members to the state scholarship commission created by the 1955 legislature.

The commission will supervise granting of scholarships of up to $600 each to qualified high school graduates.

Named to the commission were: George A. Scott, San Diego businessman; Mrs. Patricia Luhr, Walnut Creek, PTA official; Earl C. Bolton, Los Angeles, faculty member at USC; R. J. Wig, Pomona, president of the Association of Independent California Colleges and Universities.

Reverend Herman J. Hauck, president of the University of Santa Clara; Dr. P. Victor Peterson, president of Long Beach State College; O. Cort Majors, San Francisco business executive; Bert W. Levit, San Francisco attorney; Dr. Drummond J. McCunn, Martinez, superintendent of the Contra Costa Jr. College District.

The legislature appropriated $300,000 to finance the scholarships, which may be used at any accredited private or public college in California. The legislature also appropriated $15,000 to meet expenses of the commission.

Members of the commission will serve staggered terms of one, two, three and four years.

Ruling On Blind

SACRAMENTO —(CNS)— Attorney General Edmund G. Brown today ruled that the state bureau of vocational rehabilitation may require blind vendors in state buildings to submit their books for audit, but cannot require them to charge prices comparable to commercial restaurants nearby.

Mount Davidson in San Francisco is named for Professor George Davidson, early-day scientist and geographer who came to the city in 1850.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Thanksgiving

Here we are, right at the door of Thanksgiving Day, but when we look around and sit and think of the past year, the blessings that we have received should make us more than truly thankful. Wars in an active state have been eliminated, science has made great strides in the elimination of many of the causes of deadly illnesses that have plagued the world for so many years. Yes, we could go on and never stop telling of our good fortunes, so let us be thankful every day in the year, not only on the day that is set aside for the purpose and let us Thank God from whom all blessings flow.

Extra Room

Was looking over the Tahoe City Bakery yesterday, and talk about an improvement. They have had a nice bake shop built on the rear of the present one, and who built it-well, none other than C. W. (Bill) Vernon, their next door neighbor. Bill, you did a swell job. You shall build my next house.

Better

Glad to know that Mrs. Malla, who has been under the weather for a while, is feeling real good again and her son Ned is improving although slowly.

Home Coming

Surprised to see two of our college girls up for a couple of days. Sure nice to see Loma Sorensen and Dianna Abbott. Well, come Thanksgiving we shall, we hope, see more up and coming young citizens in our midst.

Promotion

And what good news we hear. Andy Sorensen tells me that son, Ray, has passed all tests and is now a lieutenant in the Marine Air Corps, and the best of it is he will be stationed in Southern California, for a while at least.

It is with great pride that we join with his wonderful parents in congratulating him. Now I hear Ray is here in person. Isn't that great? Can you imagine a jet pilot.

Move Garage

We see Ray and Mike of the Shell Station at Kings Beach have moved the garage that has stood at the side of the station since Earl Nelson was there. There are a few people who know that Earl ran the station quite a while. Anyway the building has been moved back of the station and that, with others, will be made into apartments which is a very good move for the boys. They have become very popular since coming to town.

Left for Home

Ella Blake and her son Lloyd Barns, have left for their home in Richmond and as soon as they arrived they wished they had stayed here, as it was quite foggy there.

New Motel

The property at Griff Creek is being filled up and I hear there is to be quite a large motel on the sight. It is next to Earl Gray's real-estate office in Kings Beach.

Back

Very glad to see that our friend Harry Stubley is back on the job in Kings Beach after a wonderful vacation. Ira Blair had been running the office while Harry was away.

Roads

It will be very interesting to see what is done in the road situation in the areas of Highway 40, 89, and the Truckee shortcut. Of course the latter is the closest to the hearts of the whole populace of Lake Tahoe around the Kings Beach and Brockway section of the North side. We feel quite confident that whatever is done it will be to our best interest.

On the Job

Our daughter Margie was in the Washoe Hospital with what was diagnosed as intestinal virus or infection. She was very sick for a few days, but is now quite recovered, after taking care of her mother she is back at Harold's Club—maybe you know where it is.

A White Thanksgiving

Sunday morning and how beautiful it is. Just a nice fall of snow. It was so nice to go out and sweep the beautiful stuff off the porch and I noticed cars waiting in line to either get snow tires or have chains put on. Yes, it's an ill wind as the saying goes, that does nobody good.

Newcomers

Mr. and Mrs. William Perry of Pacific Palasades are up for the week end with the Klitzkes. The Perrys are contemplating buying here, so we shall soon have these fine people in the community. Oh, yes, Harvey's mother and dad were up from Los Angeles.

Buck Stew

The Buck Stew that was set for Friday has been set ahead and will be on Thursday, Nov. 17th evening. All are welcome and it is all free at Joby Lewis' Monte Carlo Club at Crystal Bay.

From where I sit ... *by* Joe Marsh

Seen Monk's "Better Half"?

Monk McCarthy's latest creation has the town talking again. You can see it parked in front of Monk's auto repair shop on Maple.

Remember last year Monk cut two cars in half, and put their front ends together? You couldn't tell if the thing was coming or going. Sure attracted attention.

Now Monk's taken Tog Morgan's old sedan and completely restored one half of it. One side is as good as new, the other looks like—well, Tog's old car. "Sort of a before-and-after demonstration," Monk told me, "shows folks the kind of work I do."

From where I sit, some of Monk's ideas may look a little wild sometimes . . . but I wouldn't want to tell him how to run his business any more than I'd like *him* to tell *me* what beverage to enjoy. He always keeps a hot pot of tea in his garage—I'd rather have a cold glass of beer—but respect for each other's opinion is "auto"-matic with us both.

SANITARY DISTRICT FAVORS NEW AREA

C. Edmunds attended the meeting of the Truckee Sanitary District Tuesday night to determine if the board of directors of that organization would consider a second petition from the residents of the Gateway Park and Madow Park area for annexation to the district.

After a brief discussion the majority agreed that they would give favorable consideration to such a petition. The first petition was not considered because it was not correctly drawn up.

The board declined to take action on a request from the directors of the Truckee Public Utility District to allow them to take over the garbage collection work here, with the present collector, Paul Rausch to continue as an employee of the utility district.

Members attending the meeting were Robert Siebold, William Curran, James McIver and Joe Mattos.

Spectators At Fires In Town Warned About Interferring In Work

The Truckee Volunteer Fire Department members were hampered by the number of onlookers who parked their cars within close range of the fire Sunday night and have asked the general public in the future to park their cars out of the vicinity of a fire and keep out of range themselves.

The loss of property and possibly lives could be hightened by the heedlessness of spectators hampering the firemen who endeavor to protect and minumize conflagrations on a volunteer basis.

It may be necessary for officers in the future to enforce a law which prohibits onlookers from retarding the activities of the firemen, who are risking their lives for their neighbors.

Contrary to a current rumor, the fire truck which carrys 500 gallons of water was filled to capacity for immediate use if it became necessary but the blaze was so situated that the required hose size was attached to a hydrant, with full water capacity.

"Where Quality, Price and Service Meet"

Tahoe-Truckee School District News

DONNER TRAIL ELEMENTARY

Kindergarten, First and Second grades: "They Try to Tell Us We're Too Young", but not really too young to bake a cake. As we studied about the home we baked a cake like mother does.

Our room has many models of houses and furnished rooms of houses that we made from boxes and clay. We even have a trailer house.

Second, Third, Fourth, Fifth and Sixth grades: We are doing intensive study of the many phases of fractions in the upper grades. We are combining the factual study with thought study. We give the pupils a problem they can work and add to that a problem that they must think out with the earlier help they have had.

Our younger group of children is doing their combinations in adding and subtracting.

TAHOE LAKE

Tahoe Lake Kindergarteners put their artistic talents to work this week on big pictures of their homes. The class then voted pictures by the following people to be the best: Bro Shontz, Denise Henrikson, Caroline McLane, Anna Marie Conners, Bobby Litke, and Chuck Edge.

First and Second Grades: This week we decided to buy two rainy day games with our P.T.A. prize money. Peggy Leggett's mother bought them for us and Peggy's grandfather made stands for the Horseshoe game.

Donald Stowe, Julianne Bechdolt. Catherine Connors, Kathy Wilson, Jeff McLane, and Peggy Leggett have perfect spelling papers up on our board.

Third and Fourth Grades enjoyed a pause in the literature program to see a demonstration on Tom Edison's telegraph. Mike Marvin visited the class with a small set and sent simple messages across the room.

KINGS BEACH

Kindergarteners and First Grade: So that the parents who came to school Wednesday night would know where to sit, the kindergarteners made pictures of themselves, and the First Graders each wrote a short note, which were taped to the child's desk.

Parents, family members, and friends who participated in the program in the Kindergarten — First Grade room were: Kay Campbell, Enola DeGregorio, Nikki Ann Wing, Frances Thompkins, Mar Howell, Leona Graton, Kay Felte, Evalyn Pope, Lorraine Rogers, Pat Moore, Mrs. Walker, Joy Lausche, May Murray, Thelma Hughes, and Millie Chastain. Each parent left a note for his child to receive the following day.

Second and Third Grade: Friday, we took a field trip to the Stop and Shop Market. We thank Mr. Mizner for giving us this chance to visit his market. We also thank Mr. Milt Molsberry for telling us about the store. The mothers who accompanied us were: Mrs. Bill Althof, Mrs. Jack Franklin, and Mrs. Icy Laborde.

Mrs. Wing presented a spelling demonstration to the board members of the Tahoe-Truckee Unified School District and to a group of teachers. The third grade children who participated in the demonstration were: Marlea Draney, Leta Laborde, Dixie Lee Reese, Carl Brooks, Arthur Waddell, Ronnie Baker, Carol Franklin, and Estelle Howell.

Only fifteen parents attended school Wednesday night to observe National Education Week. Those that attended thought the "Back to School" idea was quite novel and should be repeated.

A new boy, Roderick MacIsaac. from Dobbins, is in the second grade.

Loretta Barnett brought a copper stone to share with us.

Fourth, Fifth, and Sixth Grade: Last Thursday the second polio shot was administered by Dr. Sklar of Kings Beach. He was assisted by Mrs. Patnoude, Mrs. Mae Critchley, Mrs. Jean Cinani, and members of the P.T.A.

In Celebration of National Education Week, we had parent participation in the class room.

Movie Film addressed to Alan English arrived in the mail from Shell Oil Company.

Frances Howard showed a movie that her group received from General Electric Corp., the story of the electric light bulb.

A model gold mine with a motor driven lift constructed by Cris Felte, Dennis Ludlow, and Dewey Tachovsky shows the workings of a modern mine.

A model observation tower constructed of wood by David Decker. Gary Wing, and Dick Cinani is part of the study of Lumber and Conservation.

Kindergarten: We are continuing our practice in the "left to right" concept with our calendar and in looking at picture books.

Steven Franco moved to Bakersfield at the first of this month.

FIRST GRADE: The following people have completed a new book in reading: Vicki Crandall, Russell Glen, Linda Carter, Lenny Vind, Bill Waters, Sandra Miller. Twila Lee Barber, Ronny Walker and Gary Kehm.

Second Grade: Our group chose a story, Story Time at Camp, to dramatize. Diana Pankoke was the narrator, while Debbie Ellis, Anne Morey, Alexandra Cushing, Dennis Stevens, Richy Ralphs and Claudia Ayala portrayed the various characters.

Sherry Borden brought a story which she read to the class.

We are glad to have Bruce Ryason with us again.

Third Grade: Context clues, word form clues, structural analysis, combining phonetic and structural analysis and introduction of the dictionary skills are being emphasized in each of the three reading groups.

Those pupils giving special reports are: David Saroni, Danny Garcia, Gary Sturcke, Carole Kunkler, Gregory York, Jimmy Roth, Douglas Hagens, Marcia Leamon, Judy McGwinn, Mitchell Carter, Michael Carter and Eddie King.

We are sorry Gary Jensen, Peggy Berber and Larry Franco had to move away, but we are glad to welcome Nicolasa Marroquin from Colusa to our class.

Fourth Grade: The Fourth graders who read the story 'Chip, the Baby Chipmunk,' were delighted when Carolina Urbina brought in a live chipmunk to share. Those who read the story were: David Notley, Steve Besio, Ronald Brown, Arlene Novak, Sylvia Clark, Liane Kay, Bonnie Fair, Sara Van Sickle and Jack Arterburn.

Fifth Grade: We are trying a new organization in our reading program.

Sixth Grade: Our reading workbooks have consumed a great deal of our time during the past few weeks.

Most of our class started personal notebooks this week. We plan to use them for cataloging reading and spelling facts that will help us toward a better understanding of these subjects. Linda Giovannoni drew and colored an abstract design for the cover of her book. Karen Smart and Patty Finnegan have original sketches on their book covers. Vicki Firpo's title is particularly well chosen; it is "My Work Hard Book". Pat Freeman used a simple study in blue for her cover.

SOMETHING NEW
under the sun . . . and stars

A Dome Car with two decks—
and every seat 'under glass'

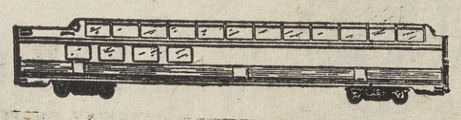
"Sky-wide and handsome" is what you'll say about Southern Pacific's unique new Dome Lounge Car, when you first step inside. It's built on two levels, or terraces, but is open to the heavens from stem to stern. (Incidentally, we've also put in extra capacity air conditioning, and lightly tinted glass, so that it's always pleasant inside, no matter what the weather outside.)

One third of the car is a high-ceiling cocktail lounge, while up a short flight of steps is a terrace deck with many more comfortable seats for enjoying refreshments and unparalleled views of the scenery.

A ride in one of these new Dome Cars is like a ride in a convertible with the top down—but without the wind.

You'll find a new Dome Lounge Car on the *San Joaquin Daylight* between Los Angeles and San Francisco via the Valley Route, the *Shasta Daylight* between San Francisco and Portland, and between San Francisco and Ogden on the *Overland*.

We invite you to try one soon—and we hope you'll find it an indication that, for both passenger and freight, we are trying to do a modern, progressive job of railroading.



Southern Pacific

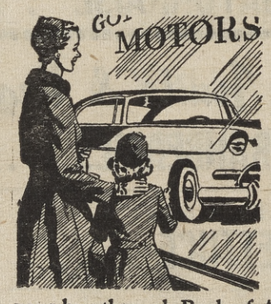
NEXT CHRISTMAS IS COMING TOO!

If you love Christmas, but hate the year-end crop of bills for gifts, taxes and other expenses, here's a fine way to put aside all worries. It's the 1956 Bank of America Christmas Club and people all over our town have discovered it's the made-to-order way to save for the expenses they'll have. All you do is figure the amount you'll need then save systematically, making deposits of $1, $5 or $10 weekly for 50 weeks. Next year your check for the full amount saved plus interest will come in mighty handy, and you'll have real peace of mind. It's the best way to save for Christmas, so why not join today?



GOT YOUR EYE ON A BUY?

Wonderful is certainly the word for the 1956 cars. Maybe one already has caught your eye—but lack of ready cash keeps you away. If so, take this hint from many of your neighbors and finance your buy through Bank of America *Timeplan*. Arrangements are easy and you can pay out of income in small monthly instalments. Over 2,000 California car dealers offer low-cost *Timeplan* financing or, if you prefer, come into our bank. *Timeplan* is a good idea if you'd rather stick with your old "bus," too. You can finance an overhaul, top-to-bottom reconditioning or repair—all you need to get your car in tip-top condition, all at one time.

? BofA Quiz Corner ?

DID YOU KNOW THAT if you live in the country or where it's inconvenient to come in to our bank, you can do all your banking through the mail? This applies to Bank of America's complete service. Just ask and we'll furnish you with addressed envelopes, deposit slips—everything you need to bank by mail.

Harvey D. Hollingsworth, Kiings Beach and Vivienne Christophed of Reno were issued a marriage license at Reno last week end.

The Frank Kennedy family are leaving for a trip south to Cathedral City.

STOP EMERGENCIES

You *stop* winter emergencies when you use *RICH-HEAT* Heating Oil. Because it's the cleanest, most trouble-free oil you can buy! Fuel lines, filters and burners stay clean all season long... to actually save you money.

And, *RICH-HEAT* with Solarite protects against rust and burner clogging. It even makes harmless, any moisture that might condense in storage tank or fuel lines.

Order *RICH-HEAT* today!

Third and Last Publication: No-

New Fire Horn at Lake To Be Tested Saturday

KINGS BEACH— The new air horn has been installed at the control fire station at Kings Beach and will be tested several times during Saturday, November 19, and should not cause the general public to be alarmed.

The improved facility will blow as an alarm to all members of the department in case of fire but must be thoroughly tested this weekend to familiarize everyone with the sound and to be sure that it is always in good order.

Rezoning Question Will Be Decided By Board

AUBURN— The county planning commission recommended a petition by Edward S. Malley for reclassification of two lots in Lake Vista subdivision at Lake Tahoe be denied. The county supervisors will decide the matter.

The board heard arguments on the proposal yesterday. Mr. and Mrs. Malley, represented by Attorney Frank Gillio, sought to rezone property from residential to commercial for the purpose of erecting a combination office and residence building. They presented a petition, signed by 27 persons consenting to the rezoning.

The Lake Vista Association opposed the measure.

Coach, Football Players Speak At Rotary Meet

KINGS BEACH— Coach Jim Brehler of the Tahoe Truckee High School football team was introduced by President Bill Randall of the Brockway Rotary Club at the regular meeting held at Ta-Neva-Ho Restaurant on Monday night, November 14th.

In response Brehler presented Captain Mike Hogan, Bob Trask and Bob Williams, members of the team. Many interesting remarks were given by them which gave the club members an insight as to the part athletics play in the development of the individual.

The meeting was later turned over to program chairman Hank Dodd who presented the film entitled "Famous Fights of the Century."

Visitors were present from the Tahoe City Club.

State's Patrol Honored In Safe Driving Contest

SACRAMENTO— National honors for the over-all safety performance of the drivers of California Highway Patrol vehicles were accorded the Patrol in the 1954-55 annual fleet safety contest.

The Patrol received a plaque for placing second among the state police and highway patrol fleets in the 24th National Fleet Safety Contest. With a fleet of over 750 patrol vehicles the Patrolmen operated over 32 million miles with an accident rate of only .26 accidents per 100,000 vehicle miles. Under contest rules, the slightest dent or fender scratch is considered a reportable accident.

More than 1800 fleets including bus, truck, taxicab, transit, passenger car, police and government agencies were represented in the 27 divisions. Twenty-one state enforcement fleets were entered in the State Police Division with an average of .51 accidents per 100,000 vehicle miles. The Nebraska Safety Patrol placed first in this division.

The California Highway Patrol fleet is the largest and covers the most total miles of any police fleet in the contest. A continuing safety program is conducted within the Patrol destined to make safety in traffic a two way road for every patrolman.

TAHOE WEATHER

TAHOE CITY— Eleven inches of snow, with .65 of an inch of precipitation was recorded at Tahoe City from the storm Sunday and Monday, Observer Art Frodenberg reports. Temperatures have dropped to a chilly 22 degree on Saturday and the high for the week was 47°F on Friday.

With two gates open, the lake level Monday stood at 6224.77 ft.

TRUCKEE PUBLIC BOARD MEETINGS

Meets 1st Tuesday each month at 10 a.m. in R. N. Little's office

Truckee Cemetery District
Meets at call of Chairman W. M. Englehart.

WORST FIRE RECORD FOR 25 YEARS SEEN

SACRAMENTO —(CUS)— The state division of forestry in a preliminary report issued statistics on the 1955 forest fire season, worst in 25 years.

The division said 3,341 fires were recorded this year, compared with 2,931 last year.

Total acreage burned was 307,113 acres, of which 141,222 was timber and 165,891 was brush, grass and woodland.

In a breakdown of forest fire causes during the critical period from Aug. 27 to Sept. 13, the division listed the following causes of fires:

Lightning, 59; railroad, 9; lumbering, 13, campfire, 11; smokers, 140; debris, 33; incendiary, 62; vehicle, 18; structural, 18; children, 32; power lines, 6; other, 38.

DISTRICT GOVERNOR VISITS LAKE ROTARY

TAHOE CITY— Judge Gregory of Carson City, District Governor of District 164, Rotary International, paid his annual visit to the Rotary Club of Tahoe City on November 8th. His talk following the dinner at Bacchi's Inn dealt on the obligation of a Rotarian on his daily life in his community which is reflected world wide.

Committee reports were made at a roundtable discussion after dinner when the district governor made recommendations for more frequent directors meetings.

Chuck Berlenbach reported progress on the annual Christmas tree party with a donation of $100 to the cause from the Women's Club to buy presents for an increased number of children over last year. Basil Kehoe reported he and other committeemen had been to Sacramento and made the purchase of presents. Vern Bartell presided. Howard Baker of St. Helena, Napa County was the only visiting Rotarian.

State Officials Here To Study Water Conditions

Raymond C. Richter, senior engineering geologist and Charles A. McCullough, senior hydrolic engineer of the division of water resources of the state, were in Truckee Tuesday and Wednesday making a survey of the Gateway and Meadow Park areas for the Lahontan Regional Pollution Control Board and the Truckee Public Utility District to determine the underground water resources and problems affecting the areas.

C. Edmunds, district manager, stated this was in line with the policy of the district to determine the future water resources so as to keep up with the anticipated growth of the district.

The pollution control board was interested in determining underground flow of water to provide against contamination or pollution that might reach the water.

The district is proposing to drill another well in the area to provide additional water supply to this rapidly growing part of Truckee.

Nevada County Shares In Liquor License Fees

SACRAMENTO —(CNS)— The state department of alcoholic beverage control today announced distribution of $3,237,485 in liquor license fees to California cities and counties for the period from March 1st through August 31st.

Nevada county received $6,143.

The department said about 10 percent of liquor license fees collected was retained by the state to finance activities of the state alcoholic rehabilitation commission, as provide dby the 1954 legislature.

Douglas fir plywood plants in California, Oregon and Washington have an annual combined capacity of three and one-half billion square feet of ⅜th inch thick plywood.

LIFE is a ....
PILGRIMAGE
...to WATER

The population growth of a community can not continue beyond the ability of the community to supply its people and industries with water.

A good water supply system therefore is a part of every realistic community plan for the future.

Your District is proud of its part in assisting in making possible the continued growth of the Truckee Area.

Your District is constantly seeking new sources of supply and planning for additional storage facilities. 200,000 gallons of storage capacity has been added during the past 5 years.

Take life easy... each extension phone costs less than a nickel a day

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Since the deadline on the column is set early this week, we can't say what the week-end weather in general is to be, but we are hoping that present indications are all wrong. For on this Saturday afternoon the high black clouds have turned the sunny day to a murky twilight affair, and last night the temperature fell to 24 above on our sheltered back porch. It hasn't been able to raise very much above 30 degres all day. However, we still hope that if there is a storm of any variety it will be only rain —to match the dark clouds. We sincerely wish that there might never be a snowfall till the winter of 1960.

Building Continues

So far the early winter weather has behaved so beautifully this year that building operations throughout the region have been going along without a hitch. The extensive addition and remodeling at the Ta-Neva-Ho resort has progressed daily for about a month now, and will be ready to open for business again by the time the winter sports saeson begins.

Here in Tahoe City various building operations have been completed for the winter, or are well on the way toward completion this week. The remodeling and renovation of the Bean home on Terrace Court road was finished several days ago, and the new apartment being added to the Farr home in that vicinity is complete except for interior finish work, which can be done rain or shine. The new twenty-foot metal building being added to the Tahoe City Bakery will be completed and ready for business this week. It now lacks only the inside finish on wall board and floor. The baker, Leonard Bury is expecting the busiest winter he has ever known.

Change Ownership

Edward L. and Dorothy Moore have closed the Moore Pines resort for the season, and during this week end they just completed settlement of the sale of their resort to C. J. Fraychineaud of Los Angeles. The new owners are to take over ownership by the first of next year, however, Moore said that he and his wife have agreed to open and operate the place through the spring of 1956, up to and not later than Aug. 1st. Their extent of operation will depend on when the new owners are able to close their business near Los Angeles where they have, for some time, operated a motel. Mr. Fraychineaud said he is anxious to leave that smog-infested area. The Moores have recently purchased and moved into a new home in the Brockway area. Mr. Moore expects to engage in a television business there in the near future.

To Mexico

Loren Holmwood, manager-owner of the Viking Gift Shop on the Tahoe City Y, is leaving this week for a few weeks in Mexico. He is leaving his shop here to be kept for the winter, in care of a hired manager.

Mrs. Simmonds Back

Mrs. Ida Simmonds of this city recently rented out her home on Pine Street and is now living again in her former old home at the Truckee-Carson Irrigation District's head quarters at the Truckee River dam. In this way she is able to be at home with her only son, Arthur Frodenberg, who is employed by the District. Frodenberg's young daughter Linda was married recently, and is now Mrs. Daryl K. DeWalt, and lives at the home of her husband's parents in Boling Green, Ohio. The young couple plan to visit the bride's father and grandmother here some time next spring.

To Las Vegas

Rusty Frodenberg, son of the Weather Observer, with his wife and young daughter, who have resided in Tahoe City during most of the past year, are moving to Las Vegas, Nevada the first of this week. They plan to spend the coming winter at a mountain resort there where Rusty will operate a snow sports concession. This is his favorite occupation, and during the past few years he has had much experience in the Squaw Valley area.

TWO-WAY RADIOS TO AID IN ROAD PROJECT

Closer teamwork than ever before between the state division of highways and the California Highway Patrol in keeping state highways open despite snow and ice conditions will be possible this winter through the use of radio.

The two state agencies have completed installations of receiving equipment in highway patrol cars, highway maintenance vehicles and local headquarters whereby the patrolmen and maintenance workers will hear each other's messages concerning road and traffic conditions, weather, and accidents and other emergencies.

This winter the inter-communication radio system will be installed in the Donner Summit area of U.S. Highway 40 and the Ridge Route section of U.S. 99.

At the same tome the Division of Highways announced that its system of statewide road condition reports covering State highways subject to adverse weather will be extended this winter to cover the entire Pacific Coast, by an exchange of information with the states of Washington and Oregon. Information on main highways in Nevada has been available to California on an exchange basis for the past three yers.

Restrictions Of Fires In Forest Are Removed

L. A. Rickel, forest supervisor states that the rains of the past week, while light, have lessened the danger of forest fires on the forest. Rickel has declared that, effective November 3, special fire restrictions imposed by federal regulation earlier in the year are rescinded as they apply to Tahoe National Forest lands.

1. Campfire permits are not now required before building campfires on national forest lands.
2. Smoking is no longer restricted to specific areas Special emphasis should be given to continued need for burning permits to dispose of debris and slash as required by State law.

State and Federal agencies will require burning permits until December 1st.

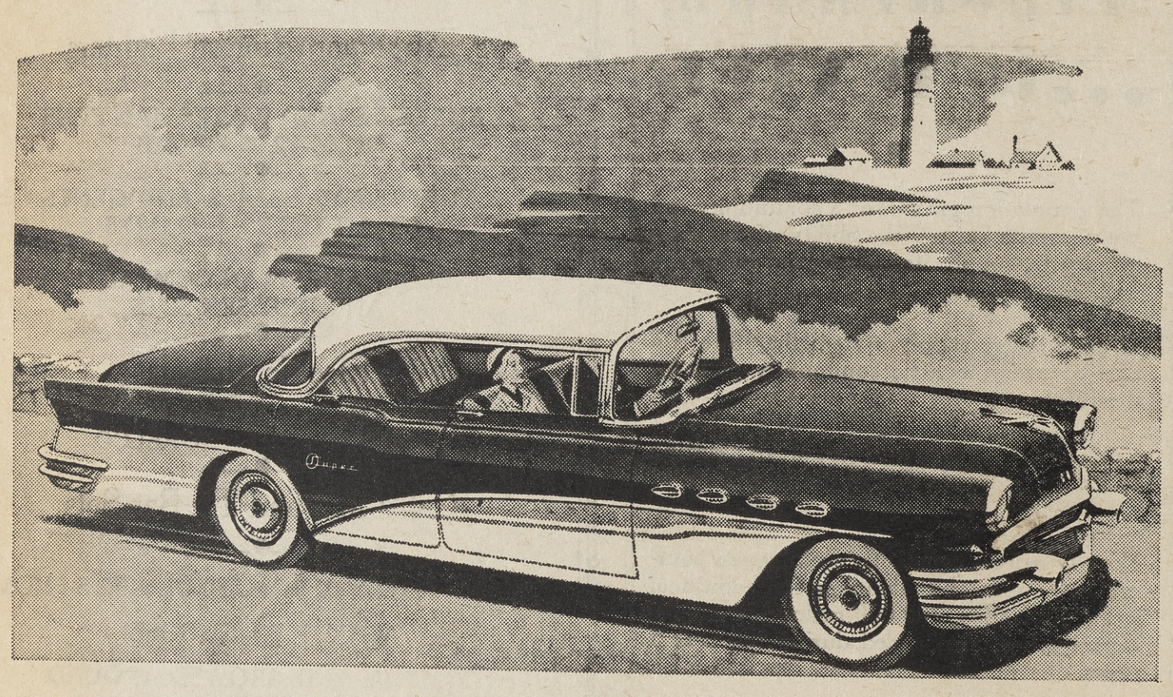
For '56
New Sweep-ahead styling
New Sizzle to match


WHAT YOU SEE pictured here is Buick for 1956—and from the gleam of that "V" grille to the sassy slant of the tail fins, you can see it has no equal for gorgeous good looks.
But what you see from the curb is fully matched by what you feel at the wheel—and that's gospel.
For this Buick gets its zoom from a mighty 322-cubic-inch V8 engine lofted to a new record high in power and compression—and from a spectacular new advance in Variable Pitch Dynaflow.*
What's new in the '56 Dynaflow is this: in the first inch of pedal travel—*and not with wide-open throttle*—your Buick moves from standstill to cruise with silk-smooth, instant and certain getaway.
But comes a sudden need for safety-surge action to get out of a tight spot—and you floor the pedal to switch the pitch of this airplane-inspired transmission. Instantly and smoothly, you're at full-power acceleration—a thrill beyond words.
There's a lot more we could tell you about these great new Buicks—about brilliant new interiors, a superb new ride with a safer "sense of direction," and new safety features everywhere you look.
But the best way to get the whole story of the best Buick yet is right at the wheel of one of these '56 beauties. So drop in this week and do just that.
**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Officer Investigating Drinking At School Rally

Deputy Sheriff Roy Waters said he is continuing an investigation of an alleged drinking party by a few students at the local high school last Friday during a football rally. Four teenagers, Waters said, have admitted participating in the affair and two were taken home violently ill as the result.

Waters said he will make every attempt to locate the source of the wine and beer, some of which was found cashed along Donner Creek near the school.

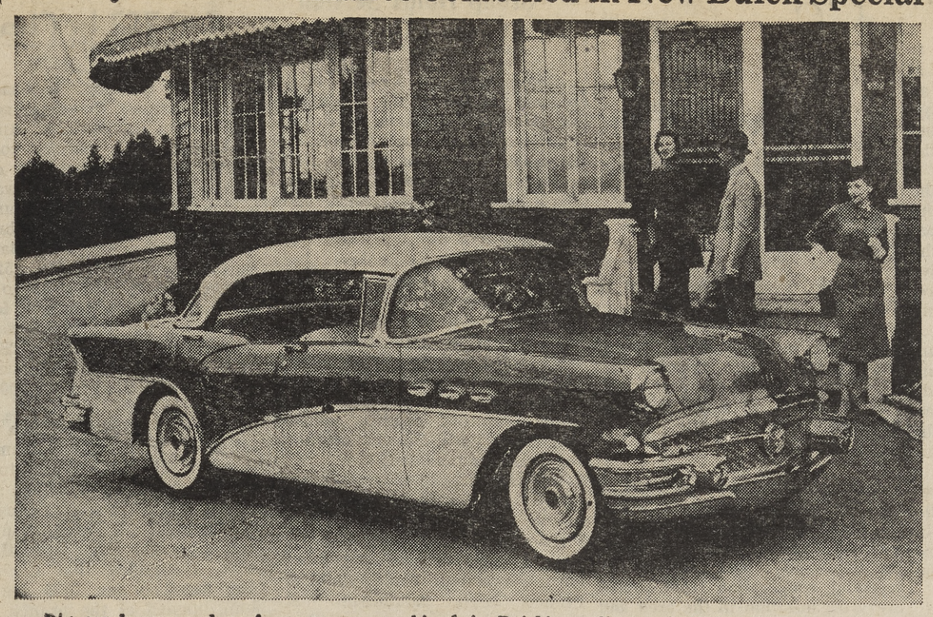
Luxury and Performance Combined in New Buick Special



Big car luxury and performance are combined in Buick's medium priced four-door hardtop sedan in the Special series. Powered by a 322 cubic inch, 220 horsepower engine, the Special boasts one of the biggest power plants of any car in its class. All the beauty of Buick's distinctive styling, including the new front end, full rear wheel cutouts and luxurious interiors are featured on the Special series. Dynaflow, power steering, power brakes and dual exhausts are optional on the Special.

Woman Is Injured In Lake Tahoe Accident

TAHOE CITY— An auto accident reported here during the past week occurred on Highway 89, when Mrs. J. Drumm, a comparatively new resident of the Homewood locality, was driving north toward Tahoe City. Reportedly her car door swung open on a curve and she slid out and was rolled along the rough shoulder of the highway.

She suffered many cuts and bruises from stones and shrubs in the fall. Luckily aid was on hand immediately and she was taken to the Tahoe Forest hospital. She was treated by Dr. L. D. Nelson who took several stitches about the forehead and neck, but pronounced her injuries not serious.

County Shares

SACRAMENTO — (CNS)—Appropriation of $1,429,774.70 to California school districts for vocational activities was announced today by Roy E. Simpson, state superintendent of public instruction.

Of this sum, districts in Nevada county received $539.70, Simpson said.

NOTICE FOR PAYMENT OF COUNTY TAXES

The taxes on all personal property secured by real Property and one half of the taxes on all real property for the fiscal year beginning July 1, 1955 and ending June 30, 1956, will be due on November 1, 1955 and will be delinquent on the 12th day of December, 1955 at 5 o'clock P.M. and unless paid prior thereto six per cent will be added to the amount thereof. The remaining half of the taxes on all real property will be payable on and after the 1st day of February, 1956 and will become delinquent on the 10th day of April, 1956 at 5 o'clock P.M. and unless paid prior thereto six per cent will be added to the amount thereof, together with a further charge of $1.00 for each lot, piece or parcel of land seperately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provided is due and payable.

Taxes are payable at the Treasure's and Tax Collector's Office, Nevada County Courthouse, Nevada City, California.

Youth Delinquency To Be Studied By Group At Nevada City Meet

A dinner meeting at the Gold Nugget near Nevada City on the evening of December 1st is scheduled for the purpose of getting together members of a county citizens committee to study problems of juvenile delinquency in Nevada County. The committee was proposed by Gov. Goodwin J. Knight.

Probation Officer Floyd Pond was in Truckee this week to interest local civic leaders in the program.

It is proposed to form a number of groups in the county, with two leaders for each group to comprise a council for the purpose of studying and correcting the growing juvenile problems in the county and coordinating with state groups.

Unit Cost For Aerial Fish Planting Drops

Unit costs for aerial trout planting by the Department of Fish and Game showed a decrease for the second straight year, the Department reported today.

Cost of planting each 1,000 fish was $1.12 as compared to $1.13 in 1954 and $1.25 in 1935. The decrease was smaller than expected because in some areas larger fish were planted, necessitating more trips.

In all, 3,948,577 fingerlings including 830,000 kokanee salmon, were planted in 720 mountain lakes for a total cost of $4,440.

Rainbows and eastern trout accounted for two thirds of the total, with browns, kokanee, cutthroat, golden and splake rounding out the list. Splakes are a hybrid from Quebec which were planted experimentally this year.

PLAN MORE USE OF CONVICT LABOR FOR STATE WORK

SACRAMENTO —(CNS)— Plans for greater use of convict labor for fighting forest fires and preserving California's natural resources were outlined before a senate committee on state prison honor camps.

Richard A. McGee, state director of corrections, told the committee that his department, in cooperation with the state department of natural resources, will request budget allocations to establish eight new prison honor camps in the next few years with housing facilities for about 640 prisoners.

By 1960, McGee said, the department of corrections hopes to have 22 forestry camps, three road camps, and five federal seasonal forestry camps employing a total of about 2,500 inmates.

At the end of September of this year, the department had 1,022 prisoners in honor camps throughout the state.

The committee, headed by Harold T. Johnson of Roseville, is investigating possible ways of turning idle prisoners to productive work and at the same time reducing prison and natural resources maintenance costs.

McGee said the camp system provides a means of keeping inmates busy and also of reducing capital outlay requirements on state prisons to house California's growing prison population.

Th director said about 15 per cent of the total state inmate population is available for fire fighting in state and federal forests. The population will amount to about 18,000 adult male prisoners by 1960, of which about 2,700 will be available to man fire fighting and public works camps.

McGee said establishment of camps for construction of fish and game projects is less practical than building forestry camps because their need in any given locality is not permanent. He said capital outlay unit cost of building honor camps was about $3,000, compared with $10,000 for prisons.

Deer Kill Not As Low As First Reports Show

For the hunter who tramped the hills fruitlessly this year, the 1955 deer seasons were a flop, but cold statistics tell a different story.

In fact, the Department of Fish and Game reports, the 1955 tag return is expected to be over 70,000, comparing favorably to last year's record of 75,602.

Archers already have racked up a new record, with 160 deer taken by bow and arrow compared to 148 last year.

Total tag return for the regular season as of the second day after the close of the season was 62,396 compared to 63,944 for the same day last year.

First Half Of Waterfowl Season To End Nov. 18

First half of the split waterfowl season, which has seen generally good hunting despite the warm clear weather, ends November 18, the Department of Fish and Game reminded nimrods.

The second half opens December 10 and continues through January 15. Along the Colorado River the season runs continuously through January 15, having opened October 28th.

Declare Dividend

Meeting in San Francisco today (October 18), Bank of America's board of directors declared the regular quarterly dividend of 40 cents per share on the bank's common stock.

The dividend is at the annual rate of $1.60 per share and is payable November 30 to shareholders of record November 9.

Witnesses Testify At Reno Water Hearing

Some 15 witnesses, including C. Edmunds, manager of the Truckee Public Utility District and member of the California Water Compact Commission, testified before members of the house irrigation and reclaimation subcommittee meeting at Reno Saturday.

For the most part spokesmen favored the $43,000,000 proposed Washoe Project basically, but the California spokesmen, including Edmunds, asked that conclusive action by congress be deferred until after the compact between nevada and California is drawn up and approved by the two committees chosen for that purpose.

Some details of the project, Edmunds pointed out, are not acceptable to interests he represented. One was the proposed tunneling of water from the Little Truckee directly into Nevada, by-passing its natural course down the Truckee River.

Jimmy Roth Is Feted On Birthday Saturday

Mr .and Mrs. Robert Roth entertained on Saturday afternoon for their son, Jimmy who is 8 years old on that date.

The event was shared by school mates who joined in the games and also enjoyed the refreshments which followed.

VALLEY OWNERS WILL HOLD MEET

Letters have been written to more than 100 land owners at Squaw Valley inviting them to attend a meeting there on Saturday, November 26 at 10 a.m. to discuss their wishes in programming the 1960 Winter Olympic Games.

Alexander Cushing, one of the prime promoters of the games and representing one of the principal land owners, in announcing the meeting, said a committee of five owners has been selected to represent the others in the planning picture.

These committeemen, as announced by Cushing, are Wayne Poulsen, Tahoe City; Mrs. Aleda Johnson and David Polman of San Francisco; Richard Barrett of Hillsborough and John Geisen of Carmel.

The meeting is designed to resolve problems arising from the forthcoming construction of facilities in the valley and to secure opinions and suggestnons from the land owners, Cushing said.

IN RENO—

The C. O. Shraders of Tahoe Vista have been spending some time in Reno.

LEISURE IN INDIANA—

Mr. and Mrs. Carl Leisure, formerly of Florsiton are now living in Knightstown, Indiana. Leisure held a position at Tahoe Forest Hospital until his departure for the east two months ago.

Hi folks, I sure have missed all you fine people these past few weeks, but the pressures of business have kept me from writing this column. Your chamber has been very active these past weeks though, doing all sorts of things to make Truckee a better place in which to live.

Your chamber met last week at the high school cafeteria where we began the organizational work for our annual Christmas Party. I'm happy to report that we are receiving cooperation from almost every organization in the area and from here it looks like we are going to have a bigger and better party than ever this year. The 20-30 boys are doing the street decorating again. This year—bouquets from this department, fellows.

Who was the wise guy, or guys, who took it upon themselves to drive their car over the newly surfaced ice rink. This project was undertaken early this year by your chamber to give our children a place to skate, and to have someone try to destroy all the hard work that has gone into it at this late date is regretable. This project is nearing completion, thanks to the work and efforts of Jack Neugebauer and the boys of the Truckee Public Utility District.

The board of directors of the Truckee Public Utility District has completed study on our petition for bus service to Donner Summit this winter and it is ready for presentation to all you folks who signed this petition. This presentation will be made at our regular board of directors meeting on November 22nd at Smart's Cafeteria, the time is 2 p.m. Wee strongly urge all interested parties to attend this very important meeting.

We are making one more bid to obtain a second deputy sheriff for our area this week. Sorry we have had so many delays on this issue, but I can promise you a vote one way or the other this week. We also expect a favorable vote on our zoning ordinance which is before the board of supervisors now.

Organizing Committee For Olympic Incorporates

Articles of incorporation were filed in the office of the secretary of state Tuesday by the Organizing Committee, VIII Olympic Games, Squaw Valley, California, USA, 1960.

The directors named are Alexander Cushing of Squaw Valley, Prentis C. Hale, Jr., Henry T. Maschel, Joseph A. Moore, Jr., and William H. Orrick, Jr., all of San Francisco.

The purpose of the Organizing Committee is to facilitate the holding of the Olympics in this area during the winter of 1960. It is not to be confused with the California Olympic Commission, appointed recently by Governor Goodwin J. Knight.

The latter group was named to administer the $1,000,000 appropriated by the legislature to finance the games, the organizing committee being charged by the National and International organizations with providing facilities and arranging the program.

Held on Check Charge

Robert Jacobs, 34, who allegedly passed worthless checks, was arrested at Chino and is being held for the Nevada County sheriff's office, according to Deputy Sheriff Roy Waters. The complaint against Jacobs was signed by Bud Bradshaw, local lodge manager.

Visit City

Mr. and Mrs. Hal Welch have closed their St. Louis Cafe for this week and are in San Francisco combining business and pleasure. The restaurant will open Monday morning.

Former Publishers Visit

Mr. and Mrs. Don Calkins of Modesto visited here last Thursday enroute from Reno.

Mrs. Calkins is a niece of the late Rev. Emigh who formerly lived in Truckee and Calkins is a son of a former owner of the Truckee Republican, at the turn of the century.

The couple has recently sold their interest in four weekly papers in their home district and are planning other activities.

OUT OF HOSPITAL—

Peg Travis of Soda Springs returned to her home from Tahoe Forest Hospital last week following an attack of pneumonia.

California Scholarship Group Holds Session At School On Saturday

Representatives from nine schools attended the California Scholarship Federation District xvi Conference at the local High School Saturday. Those hosting the Delegates were Judy Loynd, president; Carol Street, vice president; Linda Loynd, secretary; Nikki Ann Wing, treasurer and registrar; and Gary Anderson, Karen Decker, Judy O'Neill, Mickey Trent, and Thelma Finger, advisor.

Rev.Father Ronan Brennan gave the invocation and the visitors were welcomed by Carol Street, chairman of the day; Mr. Conrad Briner, vice principal; Mrs. Josephine Baratini, district advisor; and Miss Veva Brown, northern regional vice president.

Roll call of chapters was answered by C. K. McClatchy High, Sacramento; El Dorado County High, Placerville; Grant Union High, Del Paso Heights; Placer High, Auburn; Sacramento Senior High; St. Francis High, Sacramento; St. Mary's High and Stockton College of Stockton; and Tahoe Truckee High.

Bob Heuga entertained with several piano selections. Conrad Briner gave an inspirational talk on the theme of the Conference—"Search for Tomorrow."

At 11:30, the group separated for Panel Discussions: "Making and Keeping Friends" by Stockton College; "Facing Reality" by C. K. McClatchy Senior High School; and "Finding Your Vocation" was given by Tahoe Truckee ninth grade members; Janet Allen, Dorothea Frey, Shirley Taylor, Bob Williams, and Don Henry as Chairman.

A delicious dinner was prepared by Mrs. Marian Zwarg and Mrs. Muriel Frey and served by the ninth grade home making class under the supervision of Mrs Earl Smith.

Because of adverse weather conditions, a planned caravan trip through the Truckee and Lake Tahoe areas was cancelled.

Mrs. Charles Smith Is Feted At Local Affair

Mrs. Charles Smith was feted at a party given last week by Mesdames Al Schell and James Souter in the home of Mr. and Mrs. Glenn Miller.

A shower of gifts was presented to the honoree before games were played. Refreshments were served by the hostesses at the close of the pleasant evening.

Others invited were the Misses Dolores Danley, Elanore Dominquez, Lynette Young, Mary Ann Tonini and Mesdames Earl Smith, Earl Smith, Jr., John Rablin, Tony Pace, Carl Painter, Herbert Copeland, Terry Tollefson, Jack Miller, Elizabeth Bavier, F. Franceschini, Orlan Waters, Nat Quilici, Louis Goicoa, Heslin Cardinal, William Waters.

Percy Samme who spent the summer here, planned to leave for Palm Springs this week.

Bank Distributes $30,757 In Checks

Marking the near approach of the Christmas shopping season, distribution of Bank of America Christmas Club checks totaling $30,757.00 to local residents of the Truckee-Lake Tahoe Area was announced today by R. E. Saunders Jr., manager of the local branch.

Mr. Saunders said that Bank of America will distribute $52,500,000 throughout the state to 435,000 club members who have followed the popular Christmas savings plan during the past year. This is an increase of $4,500,000 over the amount distributed to 400,000 Californians in 1954.

Christmas checks receive a warm welcome from club members, Saunders said and are used to help fill the children's Yuletide stockings as well as providing funds for the payment of taxes, insurance premiums and other special purposes. He added that Christmas Club accounts for 1956 are now being opened at the branch.

Special Services Planned By C. S. Group Thursday

A special Thanksgiving service is announced by Truckee Group of Christian Scientist for 11 A.M. on Thanksgiving Day. The service will be held in the Wyethia Clubhouse on Riverside Drive.

Open to the public, the service will include voluntary testimonies of gratitude by Christian Scientists for God's goodness as shown in spiritual growth, physical healings, and other blessings.

A special Lesson-Sermon for the day entitled "Thanksgiving," will be read in all Christian Science churches. Consisting of selections from the Bible and from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Lesson-Sermon will emphasize the importance of expressing gratitude to God in deeds as well as in speech.

The service is open to the general public and local church members have invited everyone to attend.

Tarzan

by EDGAR RICE BURROUGHS®

TAWNI AND SAM MAXWELL ESCAPED THROUGH TARZAN'S STRATEGY-- THUS HE ALONE FACED THE SHEIK'S RAGE AND WAS ORDERED TO BE BURNED ALIVE.

FAGGOTS WERE NOW PILED ABOUT THE APE-MAN BOUND AT THE STAKE. ONE SLIM CHANCE REMAINED--

HE CRIED OUT DESPERATELY AS A BEAST IN DISTRESS-- THE ALERT EARS OF A GIANT PACHYDERM PICKED UP THE MOURNFUL CRY.

THE SHEIK, HOWEVER, WAS ONLY CONCERNED WITH HIS VENGEANCE AND THREW A BLAZING TORCH INTO THE BRUSH.

DICK VAN BUREN JOHN CELARDO

BATHLESS GROGGINS WON THE GRAND PRIZE ON THE "ONE QUESTION" TV PROGRAM. TROUBLE IS--BATHLESS CAN'T DECIDE WHAT THE ONE'S GOING TO BE!!

SEEMS PRETTY EASY T'ME--PICKING OUT ONE O' SOMETHING I WANT!

YOU TRY IT, BUSTER--GO AHEAD--TELL ME WHAT YOU'D DO IF YOU COULD HAVE ONE OF ANYTHING YOU SET YOUR HEART ON??

SEE WHAT I MEAN--IT ISN'T EASY!!

YOU'RE RIGHT! GUESS I DON'T ENVY BATHLESS THE JOB HE'S GOT CUT OUT FOR HIM!!

AND OTHERS ARE WONDERING, TOO!!

GROGGINS MAKE UP HIS MIND YET?

NO, SIR--BUT I'VE LEFT WORD TO REPORT TO YOU IMMEDIATELY IF HE DOES!

ANY WORD FROM CRABTREE CORNERS YET?

NOT YET, YOUR LORDSHIP--BUT I'VE KEPT THE TRANS-ATLANTIC CABLES OPEN

NYET!

ANY WOID FROM GROGGINS?

NOT A MOIMUR!

I'M WARNIN' YA, KILLER--IF WE GET CAUGHT AND WIND UP IN SOLITARY--I'LL NEVER FORGIVE YA FOR DEPRIVIN' ME OF DA PLEASURE OF LOININ' WHAT GROGGINS DECIDES HE WANTS ONE OF!!
